

Felting & Fiber Art Classes

Come spend the day at the farm taking fiber art classes in our barn studio. Each class day begins at 10am and goes until the afternoon. We will take a lunch break around noon (bring a bag lunch) and have time to visit with the sheep.

Felted Bangles & Sculpted Cuffs

In this felting class, learn to make colorful bangles and sculpted bracelet cuffs. Kim will teach you basic wet felting techniques and how to use resists to create unique sculpted bracelet cuffs. She will share with you the secret to creating bangles that fit every time. Some prior felting experience required.
