

Felting & Fiber Art Classes

Come spend the day at the farm taking fiber art classes in our barn studio. Each class day begins at 10am and goes until the afternoon. We will take a lunch break around noon (bring a bag lunch) and have time to visit with the sheep.

Natural Dye Workshop

This natural dye workshop is geared for those wanting to learn how to use plant material to create a dye bath. We will walk through the fields and along the road to gather flowers and plants for dyeing with. We will also explore dyeing with cochineal, brazil wood, and black walnut. This is the perfect class for felters as well as knitters. With the felter in mind, we will dye a variety of silk yardage that can then be used in nuno felting. Each participant will go home with lovely samples of silk fabric to use in their felting projects. Knitters may dye sample skeins of yarn to take home with them. Please indicate which you would like to dye, yarn or silk, when you register. Combine with our Nuno Felted Scarves class and hand dye your own felted scarf during class.

August 5, 2017 10am-3pm

\$110 (includes materials) \$225 when combined with our Nuno Felted Scarflette Class.

Please bring along:

- Bag lunch
- Old pot
- Notebook and pen

All participants must pre-register for classes and pay upon registering. All class fees are nonrefundable unless the class needs to be canceled. Email info@grandviewfarmvt.com to register for a class.

Need accommodations? Come stay at the farm in our [Farmhouse Suite!](#)
